Introducing

Home Life Secure

Age with Confidence.

When most people think of life insurance, they think of an insurance policy that pays a benefit to family or loved ones upon death.

With Home Life Secure from Guarantee Trust Life Insurance Company (GTL), you now have a unique alternative—our new and differentiating insurance policy that provides life insurance benefits while you're alive and pays benefits to help offset funeral expenses when you pass away.

As many Americans are realizing, the financial impact of living with a chronic illness can be devastating. With the cash benefits available from your policy's accelerated death benefits, Home Life Secure can help you cover out-of-pocket medical expenses, pay for care at home or even help fund the high costs associated with a nursing home confinement.

In addition to the insurance benefits your Home Life Secure insurance policy provides, GTL has partnered with Home Care Genie (HCG) Secure to provide assistance with advocacy and care navigation support—in advance of your time of need.

Guarantee Trust Life Insurance Company and HCG Secure are separate legal entities and have sole financial responsibility for their own products. GTL provides life insurance coverage and does not provide nor is affiliated with the non-insurance benefits provided by HCG Secure or any of its affiliates. Benefits offered through HCG Secure are available with select GTL insurance offerings. Terms and availability of service are subject to change without notice.

The Home Life Secure Difference

The combination of a GTL whole life insurance policy plus planning and support services provided by HCG Secure will help provide the confidence, financial resources, and additional support and planning to help you age comfortably on your own terms.

Support

Everyone deserves to age comfortably in the place they call home. However, because health conditions can change over time, it is critical to have a plan in place because most health insurance plans, including Medicare, may not cover services offered by in home caregivers.

Did you know?

80%

of us wish to continue to live in our own homes, even if we need assistance.¹

2/3

of Americans age 65+ will need home care services in the future, which Medicare does not cover.²

57%

of individuals age 65+ cannot afford any or can afford only minimal care.³

over \$300,000

Family caregivers ages 50+ who leave the workforce to care for a parent suffer over \$300,000, on average, in lost income and benefits.⁴

Less than half

of Americans have a will describing how they would like their money and estate to be handled after their death.⁵

Here's How Home Life Secure Works:

Meet Paula

At age 55, Paula purchased a **\$50,000** Home Life Secure Policy with Chronic Care and Terminal Illness Riders with a monthly premium of \$133.

Just two years after purchasing her policy, Paula took advantage of her discounted **Wellthy care coordination services** to help find in-home care for her parents.

At age 67, Paula suffered a stroke and her own care became a **challenge to manage**.

Paula had the option to either receive a lump sum of \$25,000 or monthly payments of up to \$4,000.

Paula decided a monthly benefit of \$2,000 would help pay for her care.

After 6 months, Paula needed more care at home. She accelerated her **monthly payments to \$4,000**. She received a total of 15 months of cash benefits to help offset the high costs of her care.

(Paula's living benefits: 6 months at \$2,000, 8 months at \$4,000 and remaining \$1,000 for 1 month equaling \$45,000)

When Paula passed away, her family received **\$5,000 to help cover final expenses** and provided additional financial support.

- **Chronic Illness or Chronically Ill** means you have received a Licensed Health Care Practitioner's Certification within the last twelve (12) months which states you are unable to perform at least two Activities of Daily Living (e.g., dressing, eating, toileting, etc.) for a period of at least 90 days due to a loss of functional capacity or you require substantial supervision due to a severe cognitive impairment. *See Benefit Eligibility details on page 8 and check your Policy for specific details and definitions.*

- **Final Expense Benefit**— A death benefit, equal to at least 10% of your policy's face amount, will be payable to your named beneficiary which can be used to cover final expenses.
- **Waiver of premium benefits eliminate monthly premium payments** should you become totally disabled or should you qualify for the accelerated death benefits due to chronic or terminal illness.*

*Waiver of premium benefits for the policy or any rider will not be duplicated.

Home Life Secure – Support Services

Support at Times of Need

When diagnosed with a chronic illness, more than likely you and your loved ones will have questions and need assistance with complex, chronic and ongoing care needs. Through GTL's partnership with HCG Secure, you will have access to a family care support network of discounted care coordination services to assist you and your family in navigating these complexities of your care.

HCG Secure has a partnership with Wellthy, a healthcare concierge service resource. Wellthy's care support network will connect you and your family with a dedicated Care Coordinator to help tackle the logistical and administrative tasks of caring for you or your loved ones.

Though this partnership, you will receive a 15% discount on Wellthy's monthly care coordination rate plus you will gain access to information and tools to help navigate your care journey.

When you need support to age at home, Wellthy's trained care coordinators are available to:

Help you find in-home care for yourself or a loved one.

Coordinate meals, transport and even home repairs.

Assist with legal, financial and medical issues.

Connect you and your family with community resources such as support groups and social services.

BENEFIT ELIGIBILITY TERMS DEFINED:

Severe Cognitive Impairment means a severe deterioration or loss in intellectual capacity resulting from Alzheimer's disease, dementia or other similar forms of permanent progressive disease that destroy memory and/or other important mental functions of a person such as thinking, sensing or reasoning and which requires Substantial Supervision to protect you from threats or actual harm to your health and safety. Severe Cognitive Impairment is evaluated and measured by clinical evidence and/or standardized tests that reliably measure impairment in one's: (1) short or long-term memory; (2) orientation as to people, places, or time; and/or (3) deductive or abstract reasoning.

Totally Disabled /Total Disability means:

(a) During the first 24 months of Total Disability, the Insured, due to Sickness or Accidental Bodily Injury, is unable to perform the substantial and material duties of his or her job.

(b) After the first 24 months of Total Disability, the Insured, due to Sickness or Accidental Bodily Injury, is unable to perform any of the substantial and material duties of his or her job, or any other job for which they become reasonably suited by education, training or experience.

Chronic Illness or Chronically Ill means the Insured has received a Licensed Health Care Practitioner's Certification within the last 12 months which states the following with respect to the Insured:

1. being unable to perform, without Substantial Assistance from another individual, at least two Activities of Daily Living for a period of at least 90 days due to a loss of functional capacity; or
2. requiring Substantial Supervision to protect the individual from threats to health and safety due to Severe Cognitive Impairment.

Activities of Daily Living means the following six basic activities of daily living:

1. **Personal Hygiene:** the ability to clean oneself and perform grooming activities on oneself like shaving and brushing teeth.
2. **Continence:** The ability to maintain control of bowel or bladder function; or, if unable to maintain control of bowel or bladder function, the ability to perform associated care for a catheter or colostomy bag.
3. **Dressing:** The ability to put on or take off all items of clothing and, if applicable any necessary braces, fasteners or artificial limbs.
4. **Eating:** The ability to feed oneself by getting food into the body from a receptacle (e.g., plate, cup, table) or if fed by a feeding tube or intravenously, your ability to properly use and maintain such feeding tube or intravenous device.
5. **Toileting:** The ability to get to and from the toilet, getting on and off the toilet, and performing associated personal hygiene.
6. **Transferring:** The ability to move into or out of a bed, chair or wheelchair, or generally move from place to place.

Substantial Assistance means the physical hands-on assistance from another person or the need for another person to be within an arm's length of you to prevent, by physical intervention if necessary, injury while you perform an Activity of Daily Living.

Substantial Supervision means continual prompting, reminding or guidance of another person, whether physical or verbal, that is necessary to protect you from threats or actual harm to your own health or safety. Substantial Supervision includes but is not limited to cueing by verbal prompting, gestures and/or other demonstrations.

Elimination Period means a period of ninety (90) consecutive days that the Insured has been certified as Chronically Ill under a Licensed Health Care Practitioner's Certification. The Elimination Period begins as of the date of the Licensed Health Care Practitioner's Certification. We will not approve a claim for benefits under this Rider until the Elimination Period has been satisfied.

Terminal Illness / Terminally Ill means Sickness that, in the medical opinion of a qualified Physician treating the Insured for such illness or disease, is reasonably expected to result in one's death within the next 24 months or less. Terminal Illness that is a result of Accidental Bodily Injury is not eligible.

BASIC EXCLUSIONS:

The Exclusions differ in some states. Please read your policy carefully.

Suicide Exclusion

If the Insured, whether sane or insane, dies by suicide within 2 years from the Policy Effective Date or the effective date of any Reinstatement, Our liability will be limited to a refund of the amount equal to the Premiums paid for this Policy (without interest); less any Policy Debt balance as of the date of death.

Base Policy Waiver of Premium Exclusions

We will not waive premiums if the Insured's total disability is:

1. Caused or contributed to by any attempt at suicide, or intentionally self-inflicted injury while sane or insane;
2. Caused or contributed to by an act of declared or undeclared war, whether or not the Insured is a member of any armed forces;
3. Caused or contributed to by active participation in a riot, insurrection or terrorist activity;
4. Caused or contributed to by committing or attempting to commit a felony;
5. Caused or materially contributed to by the voluntary intake or use of:
 - a. Any drug, unless prescribed or administered by a physician and taken in accordance with the physician's instructions; or
 - b. Poison, gas or fumes, unless a direct result of an occupational accident;
6. Caused or contributed to by intoxication as defined by the jurisdiction where the Total Disability occurred;
7. Caused or contributed to by participation in an illegal occupation or activity; or
8. Occurring subsequent to the Policy Anniversary immediately following the Insured's attainment of the age of sixty-five.

IMPORTANT NOTICE: This is a life insurance policy that accelerates the death benefits on account of Chronic Illness or Terminal Illness and is not a health insurance policy providing long-term care insurance. The acceleration of death benefits is intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986, as amended. The acceleration of death benefits may also impact eligibility for benefits under state or federal law. We recommend that you consult with a qualified tax advisor to determine possible tax consequences before electing to accelerate benefits.
